

Dance Exploration and the City of Castle Rock are excited to partner together to bring educational youth dance classes to residents and non-residents!

Dance Exploration, LLC in Denver, is Colorado's Premier in-school mobile dance and performing arts enrichment program and home of the 'Dance to Learn!'® Curriculum! Dance Exploration is leaping and jumping into local schools and recreational facilities across Denver and surrounding metro areas teaching our one of a kind 'Dance to Learn!'® Curriculum. Our Curriculum is designed to teach the whole child. With segments of class focused on Learning, Discovery, Expression, Acceptance and Movement we've created 6 Methods of Dance™ that are sure to compliment any classroom and enhance the students' overall learning experience!
